**Sickness in Every Gulse.**  
Whether it be the best known form, cholera and fever, or else bilious remittent, double ague or ague cake, is that abominable disorder involving the liver, the bowels and the kidneys known as malaria. Every complaint classified under this generic, though erroneous appellation, is destructive of the nervous system, but is happily, not to be ascribed, or even checked, by the use of ordinary nervines, febrifuges or tonics. There is, however, prompt relief and ultimate cure to be found in **Hoester's Stomach Bitters**, "remotest and the proprietary remedies of America, and widely known in other lands. Not only disease born of miasma, but rheumatic complaints, inherited or incurred debility of the kidneys or bladder, dyspepsia and irregular condition of the bowels, are curable—no certain to be cured by this deservedly esteemed and professionally sanctioned corrective.

THROUGH THE MEDIUM OF ONE of your books received through Mr. Frank T. Wray, druggist, Apollo, Pa., I became acquainted with your **CUTICURA REMEDIES**, and take this opportunity to testify to you that their use has permanently cured me of one of the worst cases of blood poisoning in connection with erysipelas, that I have ever seen, and this after having been pronounced incurable by some of the best physicians in our country. I take great pleasure in forwarding you this testimonial, unqualified as it is by you, in order that others suffering from similar maladies may be encouraged to give your **CUTICURA REMEDIES** a trial. **F. James A. Richardson, Custom House, New Orleans, on oath, says: "In 1870 Scrofulous Ulcers broke out on my body until I was a mass of corruption. Every thing known to the medical faculty was tried, but I became a mere wreck. At times I could not lift my hands to my face, could not turn in bed; was in constant pain and locked upon life as a curse. No relief or cure in 15 years. In 1881 I heard of the **CUTICURA REMEDIES**, and used them for 8 months. I am now cured. Sworn to before U.S. Com. J. D. Crawford, Jr.

**In Brief, and to the Point.**

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature.

The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

Remember—No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

SATURDAY, NOVEMBER 6, 1887

THE Philadelphia Times has an article on the value of the local newspaper, and its remarks should be carefully considered by everybody. It says: "The country newspaper is the most useful of all the agencies which stamp the impress of progress upon village and inland cities. Without the aid of local newspapers, towns are, as a rule, thriftless and dead. It is common for small great men to speak with contempt of the local newspaper, but the village newspaper makes great men out of less material—bricks without straw—than any other factor in politics, and it is the one ladder on which men climb to local distinctions as the beginning of wider fame. The advent of the local newspaper has always dated the increase of the thrift of the community. The local newspaper is the life of the locality and the measure of its support, as a rule, measures the advancement of the people." The truthfulness of the above statement is unquestionable, and the remark that it is the local newspaper which makes great men out of less material than any other factor in politics, is eminently true. Cities and towns are judged abroad more by the character of their papers than by any other standard, and no city can expect to advance to any degree of importance without its people patronizing the local papers.

It is announced that the eminent scientist, Professor Huxley, of England, is making inquiries into the phenomena of spiritualism, with a view to elucidate all there is in it, if anything can be found. It is well that philosophers and experimenters in the material turn aside occasionally to investigate and test what purports to be immaterial or so obscurely connected with the material that thus far no point of connection has been discovered. Is the human nervous organism, like an electrical apparatus, a machine for the play of natural forces, or is there something outside and beyond that vibrates the "harp of a thousand strings?" Professor Huxley from long study, habit, and thought is well adapted to settle this question by all methods heretofore employed, or any other that may be suggested, or that he may himself conceive.

THE British Medical Journal reports a case of leprosy which is believed to have been contracted through vaccination. A physician living in the tropics vaccinated his own son with virus obtained from a native child in whose family leprosy existed. At the time the virus was taken the child gave no evidence of being affected with the disease, although subsequently it manifested itself in him. A third child was vaccinated by the physician with virus taken from his own son. Subsequently the son developed leprosy in a mild form, but the child who was vaccinated with the virus taken from him had the disease in a most severe form and died from it. The physician's son is now attending school in England, eminent physicians having given the opinion that there is no danger that the other students will contract the disease.

In spite of the best efforts of the judges of the Supreme Court of the United States, the court continues to be behindhand with its business, and the prospect is that at the close of the present term the business of the court will still be as at present, some three years in arrears. The propositions looking to relief for the court have hitherto made but little progress in Congress, and there is little prospect for a change in this respect during the coming session, preceding, as it does, the Presidential campaign of 1888.

THE London silver market during the past week has been weak and decidedly lower, owing it would seem to decline in discount rates in India. For the same reason India exchange was on a lower level. The lower prices had the effect of curtailing the export movement of silver bullion from this side, while receipts from the West are reported as moderate in amount.

# NEWS OF THE DAY.

Probable Increase in Overland Passenger Rates.

JAY GOULD SHOOK UP.

Terrible Explosion of Molten Lead in Springfield, Ill.

LEPROSY IN PHILADELPHIA.

The Governor of New Hampshire Vetoes a Railroad Bill.

[PRESS DISPATCHES TO THE GAZETTE.]

A War Feared.

TORONTO, Nov. 4.—The Globe, which has recently been protesting very vigorously against the appointment of Joseph Chamberlain as a member of the Fisheries Commission, comes out to-day in another strong editorial protesting against Chamberlain serving on the Commission, and says there is no doubt that this work on it will involve Canada in tremendous risks. The alternative of the non-acceptance of Mr. Bayard's proposals will be non-intercourse, commercial reprisals and probably war. The Globe says: "The case is one in which the United States has comparatively little to fear. Great Britain has to fear large loss of trade, large expenditure of money, and the shedding of English blood; but Canada has invasion, everything to fear, for here would be the battle ground. Ours would be the main cost, and our young men would furnish the bulk of the reparation for the carnage." The paper then goes on to advocate unrestricted reciprocity as a perfectly honorable method of settling the dispute.

A Probable Increase in Overland Rates.

CHICAGO, October 5.—It is probable that the transcontinental lines will shortly advance the round-trip excursion rate between the Missouri river and the Pacific Coast from \$60, the present rate, to \$75. The matter was discussed at yesterday's meeting of passenger agents, and most of the lines were in favor of making the advance. The freight representatives considered the question of paying a subsidy to the Pacific Mail Steamship Company, the latter to advance its rates, but they could not agree, a majority insisting that as the Northern Pacific would be the line benefited, it should pay the subsidy, to which proposition the latter would not assent.

The Condemned Anarchists.

CHICAGO, Nov. 5.—Among those who signed the petition to the Governor for a commutation of the Anarchists' sentence are W. C. Gaudy, the well-known Democratic leader and general counsel of the Northwestern Railway Company.

Jay Gould Shook Up.

LONDON, Nov. 5.—The steamer Umbria, on which Jay Gould was a passenger, arrived in Queenstown to-day. A hurricane was experienced on Wednesday. There was a tremendous sea. Five steerage passengers were injured during the storm. In an interview Gould said that he suffered no inconvenience from the storm. His freedom from business, he said, had already had a beneficial effect upon him. Gould listened closely to the news of his latest move as to the market, and then declared that he did not intend to transact any business during his tour.

A Terrible Explosion.

SPRINGFIELD, Ill., Nov. 5.—A terrible explosion of molten steel occurred this morning at the works of the Springfield Iron Company. The entire city was shaken by the force of the explosion, and windows rattled as though by earthquake. Four tons of liquid metal were allowed to run in a waste receptacle, and a frightful explosion ensued. It is reported that 27 men were burned. The officers in charge are reticent and desire the matter suppressed.

A Railroad Bill Vetoes.

CONCORD, N. H., Nov. 5.—Governor Sawyer this morning vetoed the bill entitled "An Act regulating freight and fares railroads and to provide for compensation to dissenting stockholders in case of a railroad lease."

San Quentin Their Future Home.

LOS ANGELES, Nov. 5.—Gornley, convicted of an assault on little Maggie Sweetser, was sentenced this morning to 50 years in the penitentiary.

The Superior Court this morning denied the motion for a stay of execution in the case of W. F. Rozelle, the vitriol thrower, and the prisoner will go to San Quentin at once.

John L. Sullivan Talks.

QUEENSTOWN, October 5.—John L. Sullivan expresses himself very indignant at the boastful language used by Kilrain and Mitchell. He says that he wants to fight them both in the same ring. He believes that Smith is a better man than Kilrain and that he means to return to America as champion of the world or die there.

Emperor William Better.

BERLIN, Nov. 5.—Emperor William, for the first time in a week, appeared at his favorite window yesterday and bowed to thousands of persons assembled outside, by whom he was enthusiastically greeted. The Emperor looked pale.

No new light has been thrown on the Benhayon mystery yet.

The English Cabinet yesterday resolved to continue its present vigorous policy in Ireland, especially as regards speeches at proclaimed meetings.

Balfour, Secretary for Ireland, in an address at the Town Hall, Birmingham, yesterday, defended the Government's Irish policy, assailed Gladstone and attempted to ridicule the Home Rule movement.

The circus train which met with an accident in St. Louis Thursday, had another piece of ill luck Friday. Four coaches were derailed on the Vandavia line, near Brazil, Ind., and several persons badly bruised. The pecuniary loss will reach \$100,000.

John E. Grant, youngest son of General Grant, arrived in Salt Lake City, yesterday, from New York, en route to visit some mines at Plymouth. From there he goes to Placerville to visit mines in which he is interested. His stay in California will be very brief, but he will probably visit San Francisco.

John K. Moore, who lays claim to the peninsula of San Francisco under an old Spanish land grant, has been indicted for felony by the Grand Jury. Moore has for years been exacting certain sums on all real estate sold to remove cloud of title. Bail was fixed at \$7,000, and a bench warrant was immediately issued for his arrest.

 For a nice clean shave, haircut or shampoo, call at Henry Morris' Wine House barber shop. Haircutting, 25 cents.  
 Look out for a storm. Lay in your winter supply of wood, but before doing so call on J. F. Altken and learn his prices.  
 For good wood, a full cord guaranteed, go to Haynes & Algeier. Leave orders at Rube's butcher shop or Nelson's cigar store.  
 J. J. Becker's nice noonday lunches are a great convenience to those residing some distance from their places of business.  
 Vellum cloth—just what architects and surveyors require for drawing plans and maps—at Thurston's. It is 36 inches wide.  
 Pianos and organs of the best makes at Brookline's. Parties desiring to buy them on the installment plan will be accommodated.  
 Peck & Co., butchers, on the corner of Virginia street and the Plaza, slaughter only A No. 1 stock. Fine chops, steaks and roasts.  
 The meals which the depot Hotel furnishes its patrons for half a dollar cannot be obtained in a San Francisco restaurant for twice that amount.  
 John Sunderland is daily in receipt of fresh invoices of ladies', gents' and children's shoes of the best makes and latest styles. Call and see them.  
 J. Fraser's meat trade has never been as good as at present, the reason being that he deals only in the best, and his prices and weights are always satisfactory.  
 Abraham Bros. believe in quick sales and small profits, and are prepared to furnish the public with the best and very latest styles of gents' clothing and furnishing goods.  
 Every few days fresh invoices of groceries are received at Havenor's store on Commercial Row. Call and learn his prices for fine brands of tea, coffee and canned goods.  
 Leadbetter's stock of dried fruit beats the market. Pitted plums, peaches peeled and not peeled, Hungarian prunes, blackberries, apples, etc., all of this season's drying.  
 No Nebraska in His.  
 F. M. Metzger, who is engaged in the sawmill business at Willow Ranch, Modoc county, Cal., returned to Reno last night from a trip to Nebraska, where he went some three weeks ago and expected to remain until Spring. He says he does not want to live in a country where winter comes in October and where two cents a bushel is considered good wages for husking corn.

## A Boon for Travelers.

A traveler who guards against sudden attacks of cold, headache, indigestion, diarrhoea, etc., ailments not infrequently brought on by changes of climate and water, is the sensible, far-seeing man. Always have handy in your valise or trunk a box of Allcock's Porous Plasters. Worn on the pit of the stomach, they will strengthen the digestive organs that you can eat almost anything and travel without fear of taking cold.

 The case of M. J. Powell vs. D. C. Campbell was being heard by Judge Bigelow this morning.  
 May.  
 Three Truckee Meadow ranchers disposed of their entire hay crop yesterday for \$7 a ton, in the stack. Said a prominent cattleman to a GAZETTE reporter this morning: "There cannot be but a few thousand tons of hay left on the meadows. The demand keeps increasing every year. What is needed badly is a railroad north to Mariposa Valley, where there could be enough hay raised every year to feed at least a third of the live stock in Nevada. If every acre of land in this valley produced good crops of hay three years from now the supply would not, in my opinion, be equal to the demand."

## State Land Office.

During the week ending November 4th, 16 applications for State land were filed, embracing 1,995 60 acres. The cash receipts were: Payments on applications, \$1,018 40; payments on contracts, \$328 85; interest payments on contracts, \$369 63. Total, \$1,716 91. Four State patents were issued, covering 1,040 acres. Non-mineral affidavits covering 149,603 acres were forwarded to Washington, as required by the Hon. Commissioner of the General Land Office. The total of selections offered to the State in the Reka Land District for the month of October embraced 32,006.06 acres. Advice received November 4th from the Hon. Commissioner of the General Land Office are to the effect that on October 21st the Hon. Acting Secretary of the Interior approved clear list No. 6 of selections of lands in Carson City Land District, embracing 41,037 95 acres, and that a certified transcript thereof would be forwarded from Washington October 29th.

# SERVITORS.

**Local and General News.**  
 Weather sharp says: "Two or three days more and we will have a storm."  
 The Board of County Commissioners will hold their regular monthly meeting Monday.  
 John Piper has leased the old theater in Carson for two years, and will rebuild the stage.  
 Justice Young sentenced an Indian this morning to ten days in the county jail for drunkenness.  
 The Silver State says that Lou Cahoon is completing an artesian well for Joe Dussing, of Battle Mountain. The flow is estimated at over 7,000 gallons in twenty-four hours.  
 No assessment for the month of October has been levied by the A. O. U. W., of the jurisdiction of Nevada, which includes this State and Idaho, Montana and Utah Territories.  
 E. Martin and E. James, convicted in the U. S. Circuit Court for selling whiskey to Indians, were sentenced Thursday by Judge Sablin to pay a fine of \$200 and serve a term of two years in the State Prison.  
 In the District Court at Carson Thursday evening the jury rendered a verdict finding George Campbell guilty of rape on Cora Lane, who is said to be under the age of legal consent. Sentence is deferred until November 14.  
 In the District Court yesterday morning in Carson Judge Blaisdell sentenced John Sutherland, who pleaded guilty to the crime of burglary, to 18 months in the State Prison, and Eva Greenhood, who pleaded guilty to selling liquor to Indians, to one year in the same institution. The Court adjourned till Monday, November 14.

## PERSONAL.

Judge Belknap was a passenger for the Bay last evening.  
 S. F. Gashwiler and Irwin Ayres returned to San Francisco last evening.  
 George Hammernsmith, one of Reno's best boys, was in town from Wadsworth to-day, visiting old friends.  
 Mrs. S. O. Wells and daughter, Miss Maud, and Mrs. Smith returned last evening from California, where they visited for a fortnight.  
 State Teachers' Institute.  
 At a meeting of the Board of School Trustees held on the 3d inst., at which County Superintendent Lucene, State Superintendent Dovey and Professor Orvis Ring were present, by request, the following resolution, which explains itself, was passed:  
 Resolved, That as it is the request of State Superintendent of Public Instruction W. C. Dovey that all public school teachers at present employed in the state should be given the opportunity to attend the State Teachers' Institute, to be held in Reno, commencing November 21st;  
 Resolved, That this Board hereby declare a vacation commencing on that day and continuing one week, teachers to receive full pay, provided said teachers attend said institute for the time specified.

## Still They Come.

Last evening John Sparks, of the large cattle firm of Sparks & Tinslin, purchased the J. C. Smith ranch of 320 acres, some three miles south of town, for which he paid \$15,000. This is without the hay crop and the greater portion of the live stock, which were sold several days ago. Mr. Sparks will shortly remove his family here from Texas to reside. The GAZETTE extends a welcome to all such additions to Reno's population.

## A Public Installation.

Fidelity Lodge No. 4, I. O. G. T., held a public installation last evening in its hall on Sierra street, and during the evening a programme consisting of recitations, singing and speaking was listened to and heartily applauded. The lodge, although only six months old, is in a flourishing condition, and has enrolled on its list of membership 71 earnest workers in the cause of temperance.

## Things Worth Remembering.

When you feel a kind of goneness about the stomach it is a sign that your food does not sit well and that you are about to have a fit of indigestion.  
 When you begin to feel nervous and are unable to sit still comfortably; when your clothes suddenly seem to lose their fit and become too tight in places the fit of indigestion is surely upon you.  
 When this fit of indigestion is repeated from day to day it finally resolves itself into dyspepsia.  
 Chronic dyspepsia will surely make the happiest life a hell upon earth.  
 Remember that three to ten of Brande's Pills will cure the worst cases of indigestion or dyspepsia, or both, and that a regular course of them say every two night for a week or ten days will act as a preventive of either complaint.  
 A Luxury and Necessity.  
 For rich and poor who wish to enjoy good health, and who do not wish to resort to bitter nauseous liver medicines and cathartics, is the concentrated California liquid fruit remedy, Syrup of Figs. 50c. and \$1 bottles for sale by Wm. Pinniger, Reno, Nevada.  
 Rapid Healing of the Heart.  
 Whenever you feel an uneasiness in the region of the heart, a slight pain in the shoulder, arm, or under the shoulder-blade, or when you find yourself short of breath when exercising, or when your heart is pained or beating fast, you have heart disease, and should take Dr. Fitt's Heart Remedy. At drug stores, or descriptive literature with each bottle, or address J. J. Mack & Co., S. F.  
 Unnecessary Suffering.  
 Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason none like to take the medicines usually prescribed. HAMBURG PILLS were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. 25 cents. At all drug stores. J. J. Mack & Co., proprietors, S. F.

# WADSWORTH.

County Items from the "Gazette" Correspondent.  
 WADSWORTH, Nov. 5, 1937.  
 Editor Gazette:—A speck of cloudy weather.  
 The new location of the post-office gives general satisfaction.  
 Wm. Nicholls thinks one more house will flourish and has opened his old place.  
 Senator Kaiser, of Churchill, has been here for a few days and reports everything lovely out his way.  
 James Crosby, Arthur Buckland, and Robert Ritchie, three of our solid men, have taken Joe Fellonagie's mine in hand, and think present prospects guarantee a bonanza.  
 The many friends of Mrs. George Haas tendered that lady a farewell at Music Hall this evening. Mrs. Haas leaves Wadsworth for Sacramento, where she will join her husband. We wish her a safe and pleasant journey.  
 The pay car was here, and left more money than for a long time past; but the boys are on the road so much that they do not get time to spend their loose change. Boys, take some good advice and start a bank account with all over the old rates, for now is the flood in the tide of your affairs.  
 A gang of railroad carpenters is engaged in building an ice-house near the depot. The new building will match those surrounding it, fill up a gap, and make a good addition in general.  
 George Calhoun and Dr. Jackman intend to put up residences, and so they go, one at a time, but steadily. Wadsworth is now the prettiest and coolest little village in the State, and all we need to complete our happiness is an armful of Carson feminine.  
 Well-founded rumor says Truckee division will have ten new engines, and that they are coming next week. They will be welcome to all, as new crews will be required, and new crews make longer layovers and layovers make business and give the boys a show to see the sights.  
 Sam Hill, head vaquero for Lee & Frazer, was kicked in the jaw a few days ago by a wild mustang and knocked senseless for some hours. He is able to navigate today, but not with his usual grace. With all his numerous Sam has more than his share of jaw left.  
 George Frazier and two lady friends were admiring the laden combinations in the western sky this afternoon, and the ladies, though natives of celestial climate, seemed charmed.  
 Winnemucca, or Mud, lake is fast becoming a popular pleasure resort. Last Sunday there were 35 people enjournment on its shores, all the guests of Felix McCormack. Everything passed so pleasantly and agreeably that many have determined to try again.  
 Following is the list of the students boys and girls of the Wadsworth schools for the month ending October 28:  
 Primary, Mrs. S. M. Freeman, teacher—John Dillard, 98; Maude Blundell, 93; Maude Felluagle, 90; Beulah George, 90; Que Geary, 89; George Pierson, 87; Bruce Mussey, 85.  
 Grammar, N. A. Hummel, principal—W. S. Macpherson, 99; Gerlie Dunlop, 99; Lulu Mussey, 99 7-10; Maude Johnson, 99 6-10; Jessie Macpherson, 99 3-10; Willie Angus, 98 4-10; Albert Givan, 97-5; Tom Smith, 96.
